These installation related items are covered by a Limited Installation Warranty when purchased from an authorized Jacobs Dealer. Service or Installation by anyone other than an authorized Jacobs Dealer voids this warranty.

This warranty is not applicable to any component which, in the opinion of the manufacturer, have been subject to overload, mechanical abuse, improper installation, use with any unsuitable power source, or any other non-warranty condition.

Wind Turbine Industries Corp. reserves the right to make changes or improvements in its products in the future without incurring obligations to make these changes and improvements to products previously supplied. Occasionally a product improvement will be made that either prevents future failure of apart/component or eliminates a safety hazard. Jacobs will then issue a Field Change Order to correct this problem. Installation of the mandatory Field Change Order must be done within 30 days of issue or the warranty will be void should failure occur as a result of not installing said parts or components.
